Say No to the amended planning application for a fire station on green belt land in Saughall Massie.

We the undersigned call on Wirral's planners to refuse the amended application that will be submitted by Merseyside Fire and Rescue Authority we need to protect our green belt against this unwarranted and unnecessary development, as well as protecting the amenity of residents who live close by, particularly those elderly and infirm residents who live in the sheltered accommodation in Woodpecker Close and Saughall Massie Road. We believe If this development is allowed it will set a precedent that says building on the green belt in Wirral is ok. We must not allow that to happen.
