Subject: Town Meadow Lane CRM No 235068

Dear Cllr,

Chris thanks for your enquiry about Town Meadow Lane in the vicinity of Wastdale Drive.

Having visited the site today I am proposing that a centre line road marking be put in and appropriately sited worded SLOW on the carriageway on both approaches.

I think also it would be helpful if the unmarked side accesses also receive some markings at the giveways onto Town Meadow Lane.

I note that we have erected some "THINK" speed awareness signs in Town Meadow Lane so measures as proposed together with this signing should help alleviate concerns.

Bearing in mind the current priorities in delivering on proven personal injury accident sites, which this one isn't, the actions should be acceptable.

I am declining the invitation to your meeting in November as there is nothing more that I can add and I would hope that the markings are laid by then.

best wishes Geoff
